

"At the time I was the beauty & style editor for Ebony Magazine and I had a young executive that needed to be glamorized for a photo shoot in Chenese's home town. This young exec was a natural beauty who did not like makeup whatsoever, but makeup was needed for the After-5 look. Chenese made the exec comfortable and beautiful and I am grateful for the work she performed. Chenese is an intuitive makeup artist with a flair for bringing out the best in her subjects." **-Zondra Hughes-Riyaz, Editor, N'DIGO Magapaper www.ndigo.com**

"Chenese first did my makeup for my individual website shot for the Cincinnati Ben-Gal Cheerleaders in 2003, present day; my husband still says that's his favorite picture of me...orange lipstick and all! Chenese also did my makeup for the Ben-gals 2007-2008 16 moth Calendar. I made the month of October 2008 and that's MY personal favorite picture of myself...it may be my husband's new favorite picture too...but he can't display this one on his desk at work!" **-Deanna Hazeley, 2008 Head Captain, Cincinnati Bengals Cheerleaders www.bengals.com/cheerleaders**
